Message

It is indeed a matter of great satisfaction to note that the Impact Group of Colleges, Patna in association with the IXORA Research Association is organizing a Multi-Disciplinary International Conference on “*Contemporary Trends of AI in Multi-Disciplinary Research*” on 6–7 April 2026.

Bihar has been steadily emerging as a centre of academic growth and innovation and such initiatives further strengthen its evolving knowledge ecosystem. The theme of the conference is highly relevant in the present context, where Artificial Intelligence is rapidly transforming diverse domains of knowledge, innovation and governance. Such academic initiatives provide an important platform for interdisciplinary dialogue, knowledge exchange and the promotion of research-oriented learning.

I am confident that this conference will contribute meaningfully to advancing academic discourse and strengthening the research ecosystem.

I congratulate the organizers, faculty members and participants for this commendable initiative and extend my best wishes for the successful conduct of the conference.

(Sunil Kumar)
